Liang Laura Moragues Hincapie

Aspiring Software Engineer

Motivated computer science student with a strong foundation in creative and academic projects. Passionate about front-end development and dedicated to continuous growth. With a portfolio showcasing academic achievements and problem-solving skills, I am eager to contribute, collaborate, and grow in dynamic environments.

EDUCATION

Bachelor of Computer Science

Vrije Universiteit Amsterdam | September 2023 – July 2026

- Solid foundation in algorithms, data structures, and programming (C/C++, JavaScript, Python, etc.)
- Experienced in team collaboration to deliver innovative solutions
- Strong problem-solving skills demonstrated through hands-on projects like a website and client-server chat

International Baccalaureate Diploma Programme

Agora Portals International School | September 2020 – May 2022

- Fluency in English, acquired through immersion in the program
- Completion of a Biology extended essay obtaining an outstanding qualification

ADDITIONAL EDUCATION

SheCodes Workshop – Web Development

SheCodes Academy | June 2022 – July 2023

- Extensive knowledge of web programming, including HTML, CSS, and JavaScript, with experience developing responsive web applications and interactive sites
- Practical experience in building responsive and interactive web pages
- Certified Junior Front-End Developer, with completion credentials from SheCodes Academy and recognition in the SheCodes Hall of Fame

EXPERIENCE

Junior Software Engineer I at Booking.com

Booking.com | July 2025 – August 2025

- Designed and implemented a ReactJS content management tool with advanced CRUD and search features for the Localization Platform team, reducing operational overhead
- Contributed full-stack by learning Java to develop backend endpoints, collaborating across teams to deliver reliable, scalable, and user-friendly internationalization tooling

Ambassador at HerFuture

HerFuture by Minite | March 2025 – Present

- Contributed to community growth through event support, tech testing, promotion, and content creation across blogs, social media, and video platforms

School Bus Monitor

Atlas Servicios Empresariales, S.A.U. | May – June 2023

- Supervised school transportation to ensure student safety, maintaining order while strictly adhering to security protocols

Restaurant Assistant/Team Staff

McDonald's Good&Fast Mallorca Plaza | September – October 2022

- Delivered food and beverage service while maintaining hygiene standards and collaborating with team members to ensure customer satisfaction and efficient operations
